

Canadian Association of Physicists (CAP) UNIVERSITY PRIZE EXAMINATION

will take place on

Tuesday, February 4, 2020

***Revised Start Time:**

HEBB 212 (New Outreach Lab)

from 10:00 a.m. – 1:00 p.m.

All exam takers will be offered a free pizza lunch after the exam!

The students are allowed three hours to write the exam.
Calculators are permitted.

The CAP University Prize Examination is a nation-wide competition among undergraduates studying physics. The Educational Trust Fund of the Canadian Association of Physicists provides a first prize, the Lloyd G. Elliott Prize, of \$500, a second prize of \$300, and a third prize of \$200. In addition, prize winners who attend the CAP annual Congress will be presented with their award during the annual award ceremony at the end of Congress.

All undergraduate students are encouraged to take this exam, and as further encouragement, the Physics & Astronomy Department will award \$500 to any of UBC student who places in the top ten nationally.
