Using your i>clicker in class

You are required to purchase an i>clicker remote (through the bookstore) for in-class participation and voting.

Please bring your i>clicker to each class.

i>clicker is a response system that enables you to respond to questions I pose during class. You will be graded on that feedback and/or your in-class participation.

In order to receive this credit, you will need to register your i>clicker remote by [X date].
