

Physics and Astronomy

Second Conference of

Women in Physics

August 1 - 4, 2012

University of British Columbia
Vancouver, Canada

UNIVERSITY OF
WATERLOO

IQC Institute for
Quantum
Computing

Westcoast Women in
Engineering, Science
& Technology

Conference goals:

- Share research results and ideas via talks and poster presentations •
 - Bring together young women in all areas of physics •
- Form networks and participate in a professional conference •
 - Raise awareness of careers in science & technology, both in academia and industry •
- Share experiences, ideas and advice with women in all stages of their careers through panel discussions •
 - Work towards increasing the participation of women in physics in Canada •

Plenary invited talks in:

Astrophysics
Condensed Matter Physics
Quantum Computing
Particle Physics

Panel discussions:

Panel I: Physics careers outside academia
Panel II: Gender issues in Physics and Science
Panel III: Transitions in academia to graduate school and postdoctoral positions

Program, Registration, Abstract Submission and On-Campus Accommodations:

<http://www.phas.ubc.ca/~wipc2012>

Abstract submission deadline: June 15, 2012
Early (reduced) registration deadline: June 29, 2012
